HCA Fall Session - Grades 1-3
Space Adventures

We’re celebrating the 50th anniversary of the moon landing with Benny, the LEGO Astronaut. Each class features a lesson on something about space or space travel as we zip from training to be an astronaut, to getting to the moon and planets beyond earth. With each lesson we’ll build an amazing mechanical/motorized LEGO model, figure structure or mosaic.

Dates & Registration
Mondays 3:00p - 4:00p
September 23, 30
October 7, 21, 28
